EDUCATION

RGPV University

Bachelor of Technology in Computer Science Engineering

Bhopal, MP

2024 – 2028

Avisans Public Higher Secondary School

Higher Secondary Education (Class XII)

Khargone, MP

2023 – 2024

PROJECTS

SkyFlew – Airline Booking Website | *HTML, CSS, JavaScript, React*

[Project Link](#)

- Developed a responsive airline booking platform featuring flight search functionality and booking workflow.
- Implemented modern UI/UX principles to provide a seamless user experience across desktop and mobile devices.
- Created reusable frontend components and scalable page structures using React.
- Focused on responsive layouts, accessibility, and real-world airline reservation workflows.

Personal Portfolio Website | *HTML, CSS, JavaScript, React*

[Project Link](#)

- Building a professional portfolio website to showcase projects, technical skills, and achievements.
- Designed a clean and responsive interface optimized for recruiters and hiring managers.
- Integrated project showcases, GitHub repositories, and professional profiles.
- Applying modern frontend development and responsive design practices.

EXPERIENCE

Strategy Intern

Mission Helping Hands

Oct. 2025 – Feb. 2026

Remote

- Managed communication workflows between job seekers and organizational stakeholders.
- Maintained structured CRM records of candidates, opportunities, and outreach activities.
- Organized job links, candidate information, and engagement data to improve operational efficiency.
- Supported project execution through documentation, coordination, and information management.
- Contributed to business development efforts by identifying and filtering potential collaboration opportunities.
- Strengthened stakeholder communication, teamwork, and organizational skills in a remote work environment.

RELEVANT COURSEWORK

- Data Structures and Algorithms
- Object-Oriented Programming
- Database Management Systems
- Operating Systems
- Computer Networks
- Software Engineering

ACHIEVEMENTS

- Solved 200+ coding problems across coding platforms and continuously improving problem-solving skills.
- Built multiple web development projects to strengthen frontend development expertise.
- Actively learning modern software engineering practices, Git workflows, and version control systems.
- Consistently working on Data Structures and Algorithms using Java.

TECHNICAL SKILLS

Programming Languages: Java, C++, JavaScript

Web Technologies: HTML5, CSS3, Bootstrap, React.js

Core Computer Science: Data Structures & Algorithms, OOPs, DBMS, Operating Systems, Computer Networks

Developer Tools: Git, GitHub, VS Code, IntelliJ IDEA, Eclipse, Visual Studio

Productivity Tools: MS Word, MS Excel, PowerPoint
